Ref: TNR Program

Dear Director Johnson,

On October 10, 2017, the Long Branch City Council approved a Memorandum of Understanding (MOU) with the Monmouth County SPCA (MCSPCA) for the approval and implementation of a city wide TNR program. Under the MOU there was a limit set at 100 cats for the program. I am pleased to report that as of the date of this letter, the MCSPCA has reached that 100 cat mark.

As stated in the original MOU, once the 100 cat mark has been reached, the City of Long Branch and the MCSPCA would have the opportunity to either continue forward with another MOU or decline the continuation of the program. The MCSPCA would like to continue the program, under the exact terms of the MOU, with the exception of testing for FIV/FELV, which was enacted in October 2017.

Please find attached to this letter a new MOU signed and dated by me. If you have any question or concerns, please do not hesitate to contact me.

Sincerely

Chief Ross Licitra

C: Kevin Hayes-Business Administrator

BETWEEN

MONMOUTH COUNTY S.P.C.A.

AND

CITY OF LONG BRANCH

FOR

TRAP, NEUTER AND RELEASE PROGRAM

WHEREAS, the Monmouth County S.P.C.A, being a duly authorized animal shelter under the authority of New Jersey State Law Title 4, and having such authority within the County of Monmouth to act as so, shall enter into a "Memorandum of Understanding (MOU)" for a "Trap, Neuter and Release (TNR)" program with the City of Long Branch, being a duly authorized Municipality within the County of Monmouth.

WHEREAS, the Monmouth County SPCA shall assume the role as the approved sponsor for the TNR program within the City of Long Branch and shall set forth the requirements for this program which shall be listed in this MOU.

WHEREAS, the Monmouth County SPCA shall provide the City of Long Branch with a certificate of insurance naming the City of Long Branch as additionally insured.

The following guidelines shall be set forth and be agreed upon by both the Monmouth County SPCA and the City of Long Branch.

I. Monmouth County SPCA sponsorship requirements:

- Review and approve colony caregivers
- Schedule surgical dates for all TNR activities
- Maintain records provided by colony caregivers

(2)

II. The established fee to TNR a feral cat for this program shall be \$75.00. The City of Long Branch shall be responsible for \$37.50 of this cost while the Monmouth County SPCA shall be responsible for \$37.50. The fee for this program shall include the neutering, ear tip, rabies vaccination and micro-chip. The Monmouth County SPCA shall bill the City of Long Branch monthly with a detailed list of activities. There shall be a limit of 100 cats per year under this program. The limit can be extended after 100 cats with the agreement of both parties in writing.

The Monmouth County SPCA shall designate a member of the SPCA to serve as the TNR representative for the program and shall coordinate all TNR activities with a City of Long Branch appointed designate. The appointed Township designate and the appointed SPCA designate shall maintain an open channel of communications with Township Officials as well as Monmouth County SPCA Officials.

Sid,

Please see the attached. The originals went out in today's mail

Just so you know we do not test any longer for FIV/FELV. Our Medical Director has determined that the test is pointless because the cats would need to be re-tested in a few weeks to continue the treatment.

**RESOLUTION IMPOSING SPECIAL CONDITION ON PLENARY RETAIL
LICENSE #1325-33-027-008 OWNED BY LB CITY, INC.
AND AUTHORIZING RENEWAL FOR THE 2018/2019 LICENSE TERM**
